# *Message from the Principal*

I am really honoured and feel very privileged to function as the Principal of Katahguri College. The College has completed illustrious 38 years from it's establishment in 1988. This college has been working for intellectual awakening and all round development of the people of the west part of the Nagaon and east part of the Morigaon district.

It has been my continuous endeavour to develop this college as an active learning centre. The exemplary Service the college has rendered Society has received due recognition in this area.

I am fortunate to be in the position where I can listen and solve the challenges that our student face. I represent the diligent faculty and staff of our college.

I extend a warm welcome to the upcoming students and ask them to join us on an intellectual stimulating adventure.

**With regards.  
Dr. Khairul Islam,  
Principal**

## About Four-Year Undergraduate Programme (FYUGP):

The course structure of FYUGP is built on the Choice-Based Credit System (CBCS). Though, the FYUGP is basically a CBCS, it is radically different from the courses running under CBCS. Namely, it does not differentiate between so-called Honours and Pass courses existing under CBCS. Basically, the FYUGP is based on the system of education under Liberal arts.

### Duration:

While under CBCS, one has a 3-year degree programme, under the NEP's FYUGP, it is a 4-year degree programme.

### Exits & Entries:

Under CBCS, one needs to complete the full 3-year programme in order to get a degree. There is no provision for dropping out of the programme in the middle. While in the FYUGP, one has choice to exit from the programme thrice – after one year, after two years, and after three years. If one exits the programme after one year, one gets a certificate. If one exits after two years, one gets a diploma. If one exits after three years, one gets a Bachelor's Degree And finally if a student completes the whole 4-year, one gets a Bachelor's Degree (Honours).

**IMPORTANT:** If you exit in the mid way, the doors are still open for you to re enter in to the programme again and you can continue the journey from where you left off. Such provisions exist in the CBCS.

## Four-Year Undergraduate Programme (FYUGP):

### Progression:

The progression during the whole course structure is shown in the figure below. There are three pathways to the entire course structure, including the PhD Pathways.

#### After 3-Year Bachelor Degree:

After a 3-Year Bachelor Degree, a student can take admission in the 2-Year Masters Course and advance to doctoral program. This pathway is similar to what we have now.

#### After 4-Year Bachelor Degree with Honours:

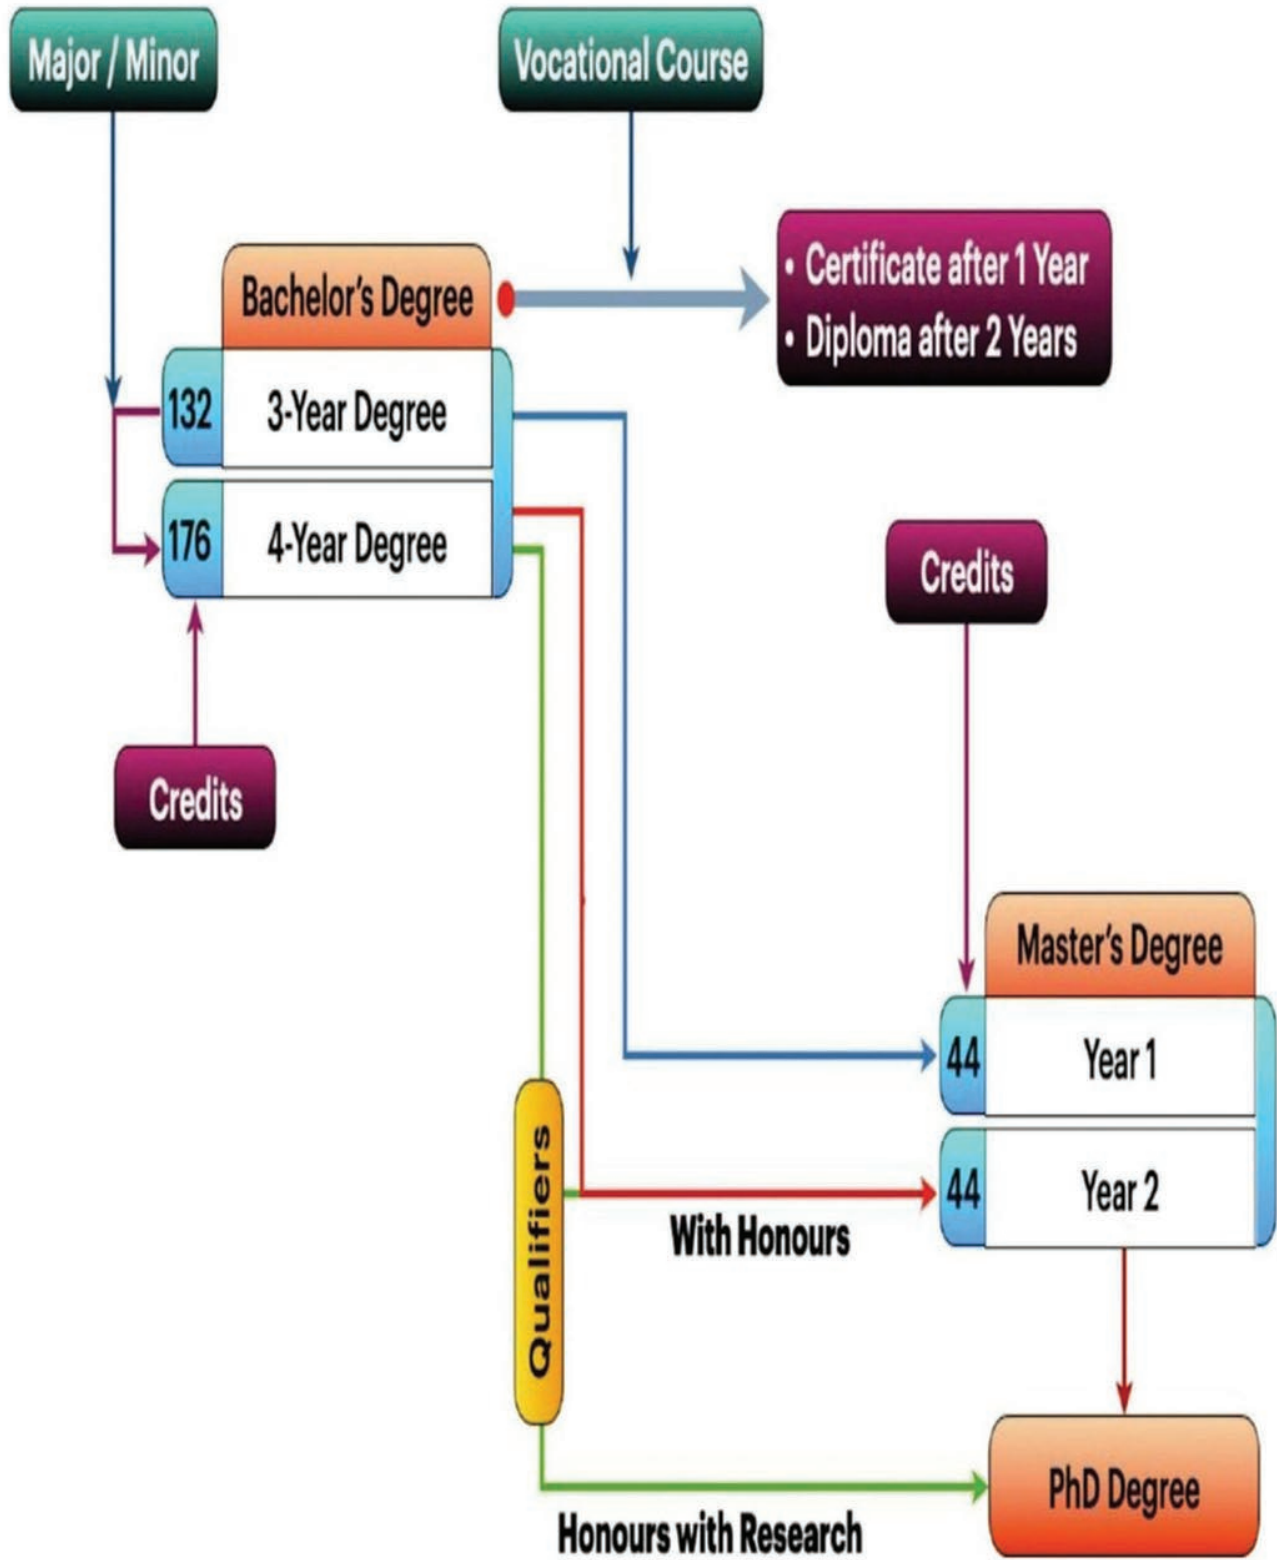

Students completing a 4-Year Bachelor Degree with Honours will take admission into the second year of Master's program and can advance to the doctoral program.

#### After 4-Year Bachelor Degree with Honours and Research:

This pathway is for only exceptional students who can directly advance to a doctoral program right after graduation. So, there shall be a necessary qualifier process which will ensure that only high-quality motivated students can take this pathway. All other students

# Prospectus

must go through the second year Master's program in order to be able to take admission in a doctoral program.

# Prospectus

## Credit Framework:

Each semester of a 4-Year Bachelor Degree (FYUGP) course will have a maximum of 22 credits with a total of 132 credits for 3-Year Degree Course and 176 credits for a 4-Year Degree Course. Apparently, the Masters Course will have 44 credits in a year with a total of 88 credits in two years. The baseline for total credits is 120 for a 3-Year course and 160 for a 4-Year course. So, a student can choose to have a total credit between 120 and 132 by the end of a 3-Year Bachelor Degree course.

The basic division of credits for a 3-Year Bachelor Degree course is shown in figure alongside. The basic division for a 4-Year course is shown in Fig.fig: Division-of-credits-1 and fig: Division-of-credits-1-1. In the 4th year, there are however two options – (a) Degree with Honours and (b) Degree with Honours and Research. Overall, a 3-Year Degree course consists of two sections — a Core Section and a Common Section. While the Core Section consists of Major and Minor papers, the Common Section is divided into 5 sub-groups.

## Internship:

All student is to carry out an internship with a credit allocation of 4.

## Prospectus

### Degree with Major / Minor

120 Credits
