Message from the Principal

I am really honoured and feel very privileged to function as the Principal of Katahguri College. The College has completed illustrious 36 years from its establishment in 1988. This college has been working for intellectual awakening and all round development of the people of the west part of the Nagaon and east part of the Morigaon district.

It has been my continuous endeavour to develop this college as an active learning centre. The exemplary Service the college has rendered Society has received due recognition in this area.

I am fortunate to be in the position where I can listen and solve the challenges that our student face. I represent the diligent faculty and staff of our college.

I extend a warm welcome to the upcoming students and ask them to join us on an intellectual stimulating adventure.

**With regards,
Dr. Khairul Islam,
Principal**

KATAHGURI COLLEGE

NAGAON : ASSAM

ESTD: 1988

Vision

- ✓ Pursuit of knowledge in the Service of Humanity.
- ✓ Equip students with skills.
- ✓ Inculcate values, identity, hidden talents.

- ✦ To ensure transparency in college administration.
- ✦ To improve the quality of teaching through evaluation of teachers by Teaching.
- ✦ To equip the student with the skills of learning, communication and self Study.
- ✦ To promote innovation methods of teaching learning and evaluation.

About Four-Year Undergraduate Programme (FYUGP):

The course structure of FYUGP is built on the Choice-Based Credit System (CBCS). Though, the FYUGP is basically a CBCS, it is radically different from the courses running under CBCS. Namely, it does not differentiate between so-called Honours and Pass courses existing under CBCS.

Duration:

While under CBCS, one has a 3-year degree programme, under the NEP's FYUGP, it is a 4-year degree programme.

Exits & Entries:

Under CBCS, one needs to complete the full 3-year programme in order to get a degree. There is no provision for dropping out of the programme in the middle. While in the FYUGP, one has choice to exit from the programme thrice – after one year, after two years and after three years. If one exits the programme after one year, one gets a certificate. If one exits after two years, one gets a diploma. If one exits after three years, one gets a Bachelor's Degree and finally if a student completes the whole 4-year, one gets a Bachelor's Degree with Honours.

IMPORTANT: If you exit in the middle, the doors are still open for you to enter into the programme again and you can start the journey from where you left. No such provisions exist in the CBCS.

Four-Year Undergraduate Programme (FYUGP):

Progression:

The progression during the whole course structure is shown in the figure below. There are three pathways to the doctoral course or PhD course.

After 3-Year Bachelor Degree:

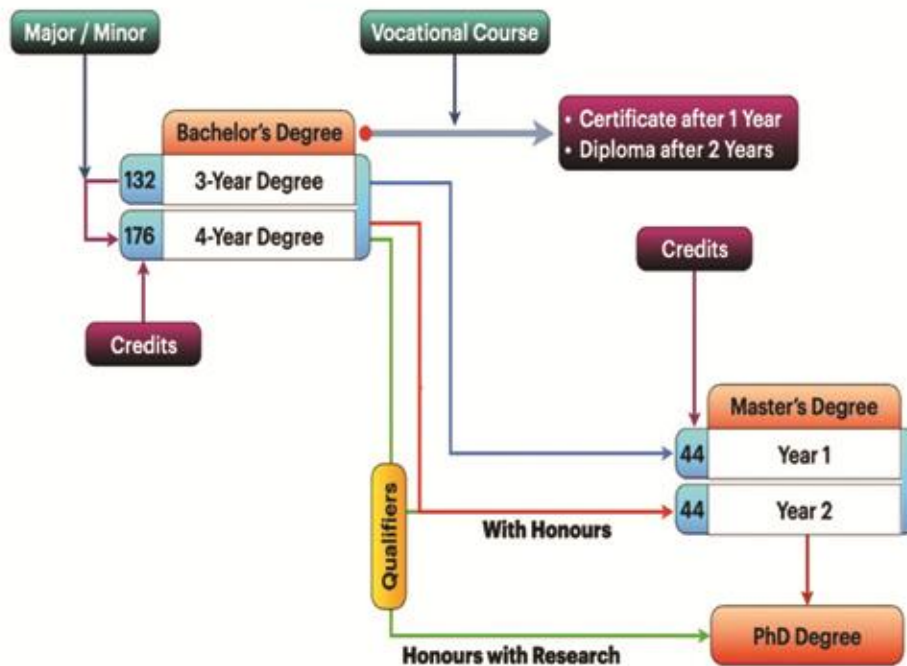

After a 3-Year Bachelor Degree, a student can take admission in the 2- Year Masters Course and advance to doctoral program. This pathway is similar to what we have now.

After 4-Year Bachelor Degree with Honours:

Students completing a 4-Year Bachelor Degree with Honours will take admission into the second year of Master's program and can advance to the doctoral program.

After 4-Year Bachelor Degree with Honours and Research:

This pathway is for only exceptional students who can directly advance to a doctoral program right after graduation. So, there shall be a necessary qualifier process which will ensure that only high-quality motivated students can take this pathway. All other students must go through the second year Master's program in order to be able to take admission in a doctoral program.

Credit Framework:

Each semester of a 4-Year Bachelor Degree (FYUGP) course will have a maximum of 22 credits with a total of 132 credits for 3-Year Degree Course and 176 credits for a 4-Year Degree Course. Apparently, the Masters Course will have 44 credits in a year with a total of 88 credits in two years. The baseline for total credits is 120 for a 3-Year course and 160 for a 4-Year course. So, a student can choose to have a total credit between 120 and 132 by the end of a 3-Year Bachelor Degree course.

The basic division of credits for a 3-Year Bachelor Degree course is shown in figure alongside. The basic division for a 4-Year course is shown in Fig.fig: Division-of-credits-1 and fig: Division-of-credits-1-1. In the 4th year, there are however two options – (a) Degree with Honours and (b) Degree with Honours and Research. Overall, a 3-Year Degree course consists of two sections — a Core Section and a Common Section. While the Core Section consists of Major and Minor papers, the Common Section is divided into 5 sub-groups.

Internship:

All student is to carry out an internship with a credit allocation of 4.

Degree with Major / Minor 120 Credits

Core		Common Courses				
Major	Minor	Multi-Disc	AEC	SEC	VAC	Internship
60	24	9	8	9	6 (8)	4 (2)

Degree with Honours 160 Credits

Research Methodology	Advance	Dissertation	Common / Optional		Open
			SEC	Internship	
4		24		4	8

Fig.1 The minimum division of credits for a 3-Year Bachelor Degree Course.

Degree with Honours & Research 160 Credits

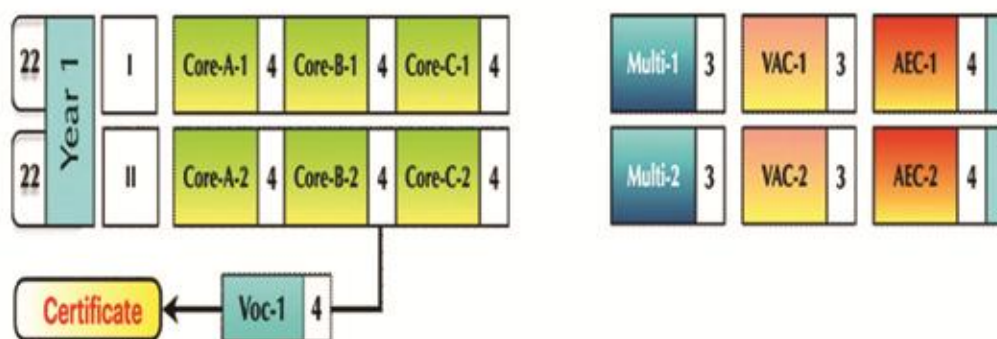

Research Methodology	Research Project / Dissertation / Internship / Skill
4	36

Fig.1 The minimum division of credits for a 3-Year Bachelor Degree Course.

As shown in the figures, the base credit score for a 3-Year course is 120 and a student needs to have at least 50% of 120 i.e. 60 credits in a subject to qualify for a major in that subject. In the same way a minor course will have 12 credits and a student can have two minors with a total of 24 credits. Apart from the Major subject, if a student can obtain 48 credits in a particular subject, the student will get a double major.

Course Structure, FYUGP (3-Year Degree):

The detailed course structure for a 3-Year Bachelor Degree is represented in the figure below. This structure depicts a general scenario where a student will choose one major course and two minor courses. It is to be noted that in order for a re-entry into the 3-Year course in Semester III or V for students who have opted for leaving the course after the 1st and 2nd year respectively, additional vocational course of 4-credit has to be done by the student on exit.

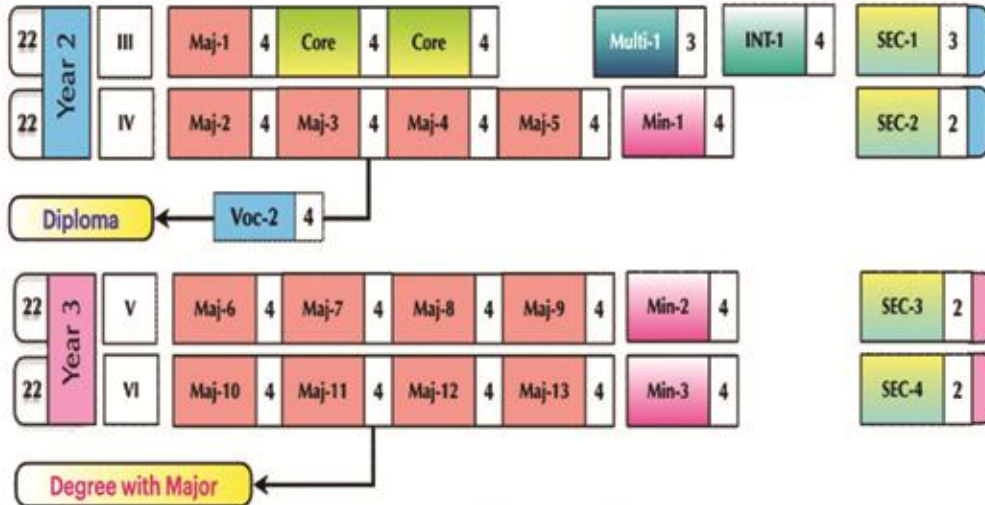

Fig. Course Structure for a 3-year Bachelor Degree.

The numbers indicate credits in the paper. The Voc-1 and Voc-2 papers are vocational courses that a student would have to take in the case of exiting in the 1st or 2nd year. These courses are NOT compulsory in general, but a student will need them for re-entry into the programme.

COURSES OF STUDY:

Core Courses: For B.A. 1st Semester FYUGP aligned with NEP-2020:

Student can select one major with two minor subjects or three minor subjects from the following table.
