COURSE TITLE : CERTIFICATE COURSE IN SPOKEN ENGLISH

COURSE DURATION: 1 MONTH

PROPOSED DATE FOR STARTING THE COURSE: 7 JUNE 2023

COURSE AIMS AND OBJECTIVES:

This course is aimed at creating better speakers of English who are also equally adept at comprehending the language in all its nuances. It has been tailored for students whose native tongue is not English, but who at the same time have had a little exposure to the language.

It is understood that the social and cultural contexts are very important in shaping a student's familiarity with and grasp of a particular language. As such, the course will approach teaching and instructing in English from within an Indian context, and more specifically, the northeastern Indian context.

For the average student, it is first and foremost important to comprehend the language. We aim to provide as much guidance and opportunities to this end. The aim is to make them better speakers and communicators in a language that the world cannot do without in this day and age.

In the final analysis, we aim to give the students a well-rounded exposure to all the skills that they might need once they leave the college campus and venture out into the world – whether job-hunting, freelancing or simply giving vent to their creative urges in numerous ways.

SKILLS AND COMPONENTS OF THE COURSE:

The main skills that the course is designed to impart to the students include Listening, Speaking, Reading and Writing (LSRW).

By listening to the lectures delivered in class the students will be encouraged to take notes and speak out their reactions. They will also be encouraged to listen to each other and speak among themselves, to their classmates as well as their instructors in English. Remedial grammar classes will encourage them to speak and write correct English.

Reading efficiently and effectively is another skill they will be taught. This will help them focus their energies on what is important and what may be omitted while reading and preparing for their examinations. It will also help them in their future professions to economise their time and focus.

The students will receive practical training in the departmental language lab, wherein they will get to test their pronunciation and intonation skills. They will

also be encouraged to take system generated tests which will help them to test their progress.
